## FPV REGULATORY NOTICE

The use and operation of this type of product in the United States and other countries may require a license while other countries may forbid its use completely. In the US, you will need a “HAM” amateur radio license. [Learn more about HAM licenses](#), and [find a HAM license exam session in your area](#). It is your responsibility to ensure that the use of this product meets the requirements imposed by your government’s rules and regulations for RF devices. Do not purchase this product if you are unsure of the government requirements or are not able to comply with them.

OnPoynt cannot be held responsible for your actions if you purchase and/or use this product in violation of your government’s regulations. By agreeing to our terms and conditions during the check-out process on the OnPoynt online store or our distribution partners, you also agree to have read and to understand this notice.
